

Accurately Weighing Africa

S16

Cylindrical Compression Loadcell

Sasco is a dynamic weighing solutions focused company which procures and supports a leading range of globally sourced industrial weighing technologies. Sasco has the highest metrological ranking of any Southern and Central African company, and as a result of our experience gained through 100 years of operation, we are uniquely positioned to specify and supply optimal weighing equipment, automation and weighing information data solutions to Southern and Central Africa's leading industrial companies. Sasco reputation has been built on innovation and choice underpinned by professionalism, modernity and experience.

GENERAL

Sasco's technologies include the S-Series range of load cells such as the S16. The S16 is a cylindrical compression type loadcell suitable for a wide range of application in weighbridges, hoppers and tanks.

SPECIFICATIONS

Calibrated temperature range: -10C to +40C / IP68

CONSTRUCTION

Stainless steel construction.

SPECIAL FEATURES

Simple to install
Reliable performance

CAPACITIES

20 tonne & 30 tonne
High accuracy

APPROVALS

SA 1430 AA 71

EXAMPLE

Road weighbridges
Rail weighbridges
Tank weighing
Hoppers
Axle weighing
