

Accurately Weighing Africa

SW-ASC

Compact Scale

Sasco is a dynamic weighing solutions focused company which procures and supports a leading range of globally sourced industrial weighing technologies. Sasco has the highest metrological ranking of any Southern and Central African company, and as a result of our experience gained through 100 years of operation, we are uniquely positioned to specify and supply optimal weighing equipment, automation and weighing information data solutions to Southern and Central Africa's leading industrial companies. Sasco reputation has been built on innovation and choice underpinned by professionalism, modernity and experience.

GENERAL

The SW-ASC Compact portioning scales are designed to be durable enough to withstand the demands of a variety of food environments - from small café kitchens to large restaurant chains, from mid-sized catering companies to internationally known fast-food franchises. Readings on the display change from green to red to alert the user if the scale is overloaded. The SW-ASC stainless steel housing is ideal for commercial kitchen settings, and allows efficient clean up with a simple wipe down after use.
