LHS

Crane Scale

Sasco is a dynamic weighing solutions focused company which procures and supports a leading range of globally sourced industrial weighing technologies. Sasco has the highest metrological ranking of any Southern and Central African company, and as a result of our experience gained through 100 years of operation, we are uniquely positioned to specify and supply optimal weighing equipment, automation and weighing information data solutions to Southern and Central Africa's leading industrial companies. Sasco reputation has been built on innovation and choice underpinned by professionalism, modernity and experience.

GENERAL

Adam's industrial hanging scales provide manufacturing operations with a solution to safely measure suspended loads.

LHS features cast aluminum magnesium housing and a rotating chrome-plated steel hook and swivel shackle to help the operator easily manoeuvre loads up to 2,000kg.

The remote control enables operation from a safe location, and the LED is highly visible from a distance. A hold / peak hold function keeps the results on the display for easier operation.

FEATURES

- Bright LED display for easy viewing in most environments
- Rotating hook allows easy access while loading, then safely locks in place during weighing
- Lightweight design simplifies transport and portability
- Remote control allows safe, hands-free operation
- Rugged construction stands up to industrial use
- External calibration allows for verification and adjustment with weights
- Hold function freezes the displayed weight, allowing time to lapse without losing the result
- Zero-tracking feature ensures display returns to zero reading
- Programmable auto power-off to save energy

Suitable for weighing moderate loads, LHS delivers durability in a hanging scale.
