

Accurately Weighing Africa

WP50T

Wireless Portable Axle Weighing Scale

Sasco is a dynamic weighing solutions focused company which procures and supports a leading range of globally sourced industrial weighing technologies. Sasco has the highest metrological ranking of any Southern and Central African company, and as a result of our experience gained through 100 years of operation, we are uniquely positioned to specify and supply optimal weighing equipment, automation and weighing information data solutions to Southern and Central Africa's leading industrial companies. Sasco reputation has been built on innovation and choice underpinned by professionalism, modernity and experience.

GENERAL

- Waterproof keyboard.
- Rechargeable battery.
- Voltage: 6V & 12ah.
- Easy to use operating software.
- High-definition LCD backlit dot matrix display.
- Built-in high speed but super quiet thermal printer.
- The WP-50T is sleek and compact making it easy to transport.
- The unique structural design accepts the over load capacity of up to 300%.
- Battery Life Span: 12 - 25 hours depending on weighing/printing frequency.

- Example of use: Axle weighing and check weighing in heavy industrial environments.
- Multiple seal protection creating a water proof system. The pad features a robust aluminum steel deck construction tested by the manufacturers to withstand harsh environments.
- In dynamic mode, joint-axis compensation and speed compensation functions are automatically done by the software.

STANDARD FEATURES

Model	WP 50 T
Max Capacity (Single Axle)	50T Single Axle
Pad Dimension	800 x 430 x 30 (mm)
Ramp Dimension	800 x 350 (mm)
Precision	Dynamic $\pm 2\%$
Load Cell Constructions	Based on strain gauge technology
Includes	One set includes: 2 weighing pads
Division	0,5kg, 1kg, 2kg, 5kg, 10kg, 20kg, 50kg
Inspecting Speed	<10km/h on average
Operational Temperature Range	- 45'C to + 70'C
Battery Life Span	12 - 25 hours depending on weighing / printing frequency
Voltage	6 V & 12 ah (amp per hour)

**Possibly the only choice
when replacing a fixed
weighbridge.**
