

Accurately Weighing Africa

DCT

Dune® Portable Compact Balances

Sasco is a dynamic weighing solutions focused company which procures and supports a leading range of globally sourced industrial weighing technologies. Sasco has the highest metrological ranking of any Southern and Central African company, and as a result of our experience gained through 100 years of operation, we are uniquely positioned to specify and supply optimal weighing equipment, automation and weighing information data solutions to Southern and Central Africa's leading industrial companies. Sasco reputation has been built on innovation and choice underpinned by professionalism, modernity and experience.

GENERAL

The Dune compact balance offers quick and easy weighing in a lightweight, streamlined design. With simple, three-button operation and sturdy plastic construction, the Dune is a smart choice for labs, schools, kitchens, offices, or veterinary facilities.

Results are delivered on a large display, and automatic calibration is performed through the keypad.

Easily portable, the Dune is powered by battery or AC adapter.

- High-contrast display is easily visible from a distance
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Lightweight design simplifies transport and portability
- Overload protection helps prevent damage to internal components
- Sealed keypad protects against dirt and spills
- Large platform removes easily for speedy cleaning
- Operates with AC adapter (included) or batteries (not included)
- Auto power-off to save energy
- Zero-tracking feature ensures display returns to zero reading
