

Bench Counting Scales

Adam Equipment's Highland balances have what it takes for lab work, field use, and various education and industrial applications. They feature multiple weighing units, RS-232 and USB interfaces, rechargeable battery and AC operation, capacity tracker, adjustable feet and level, lock down and more. Density and specific gravity determination are easy with the below balance weighing feature, and the removable draft shield eliminates wind disturbances outdoors or in drafty environments.

A blue and white laboratory balance scale. It features a large blue cylindrical weighing pan on top. The base is white with blue accents. A digital LCD screen displays "0.00 g". Below the screen are several control buttons, including a power button and a mode button. The brand name "Mettler" is visible on the front panel.

FEATURES

- Vivid, backlit LCD easily visible in any lighting conditions
- Programmable backlight can be set to "always on," "always off" or "light only when weighing"
- Capacity tracker built into display for easily monitoring possible overloads
- Balances stack efficiently and safely to save space (120mm pan size only)
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Dual tare keys facilitate operation with either the left or right hand
- Level indicator and adjustable feet ensure proper balance setup for optimum weighing results
- Security slot for optional Kensington-type lock and cable to help prevent theft
- Large, grade 304 stainless steel pan allows easy cleaning
- Solid ABS housing is durable for industrial uses
- Three-point ShockProtect® feature helps prevent overload damage to internal components
- Hook included for weighing below the balance
- Internal calibration eliminates need for external weight set
- USB and RS-232 interfaces provide speedy communication with computers and printers
- Audible overload alarm warns when capacity has been exceeded
- External calibration allows for verification and adjustment with weights
- Selectable digital filtering helps minimise effects of vibration and disturbances
- Parts counting with preset sample sizes
- Memory accumulation totals results
- Zero-tracking feature ensures display returns to zero reading
- AC adapter included
- Rechargeable battery included for operation almost anywhere
- Programmable auto power-off to save energy

The HCB 1502 is full of features, the Highland is an exceptional value in precision weighing.

GENERAL SPECIFICATIONS

- Pan Size: 120 mm
- Weighing units: g, lb, oz, N, GN, ct, dr, dwt ,mm, ozt, T, tl.H, tl.S, tl.T
- Stabilization time: 2
- Interface: RS-232 / USB
- Power Supply: 12VDC 50/60Hz 800mA adapter / Internal rechargeable battery
- Display: Backlit LCD with 18mm high digits
- Calibration: External calibration / Internal manual calibration
- Construction: ABS plastic
- Operating Temperature: 0° to 40°C

METROLOGY INFO

- Capacity: 1500g
- Readability: 0.05g

APPLICATIONS

- Weighing
- Parts counting
- Percentage weighing
- Accumulation of weight

WEIGHT AND DIMENSIONS

- Net Weight: 2kg
- Product Dims: 174mm x 252mm x 152mm
