

Accurately Weighing Africa

# CNP

Floor Scales

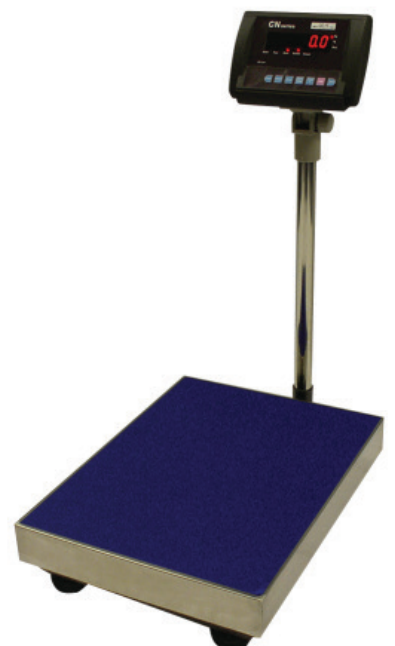

Sasco is a dynamic weighing solutions focused company which procures and supports a leading range of globally sourced industrial weighing technologies. Sasco has the highest metrological ranking of any Southern and Central African company, and as a result of our experience gained through 100 years of operation, we are uniquely positioned to specify and supply optimal weighing equipment, automation and weighing information data solutions to Southern and Central Africa's leading industrial companies. Sasco reputation has been built on innovation and choice underpinned by professionalism, modernity and experience.

## GENERAL

Sturdy and durable, the CNP platform scale is designed for heavy-duty industrial and food-service tasks. The CNP is solidly constructed with a welded steel base and stainless steel pan.

A large LED display features adjustable brightness, making it highly visible in different lighting conditions. Power is supplied by a mains power cord or rechargeable battery, so the scale can operate where electricity is not readily available. A hold function retains the reading on the display after the object is removed, allowing results to be recorded.

## FEATURES

- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Heavy-duty rubber feet ensure stability of unit
- Rugged construction stands up to industrial use
- Checkweighing with audible alarm
- Hold function freezes the displayed weight, allowing time to elapse without losing the result
- Memory accumulation totals results
- Parts counting with freely selectable sample sizes
- Bright LED display for easy viewing in most environments
- Mains power cord
- Rechargeable battery included for operation almost anywhere

**The CNP platform scale is designed for heavy-duty industrial and food-service tasks.**
