

GBK-M

Bench Checkweighing Scales

Sasco is a dynamic weighing solutions focused company which procures and supports a leading range of globally sourced industrial weighing technologies. Sasco has the highest metrological ranking of any Southern and Central African company, and as a result of our experience gained through 100 years of operation, we are uniquely positioned to specify and supply optimal weighing equipment, automation and weighing information data solutions to Southern and Central Africa's leading industrial companies. Sasco reputation has been built on innovation and choice underpinned by professionalism, modernity and experience.

GENERAL

The GBK is designed to stand up to the demands of rigorous industrial applications. With its compact stainless steel platform, the GBK fits easily on a cart or table and is ideal for parts counting, batching or routine weighing. For flexible positioning, the pillar-mounted display can be used without the pillar.

Oversized rubber feet offer stability, while the cast aluminum frame provides even weight distribution and ensures consistent readings regardless of where the object is placed during weighing.

The GBK's intuitive software helps save time and reduces errors when logging data. Powered by mains power cord or the built-in, rechargeable battery, GBK operates anywhere. The GBK-M version is suitable for trade use.

FEATURES

- Vivid, backlit LCD easily visible in any lighting conditions
- · Capacity tracker built into display for easily monitoring possible overloads
- · Checkweighing LEDs clearly show under, over and within acceptable limits
- Programmable backlight can be set to "always on," "always off" or "light only when weighing"
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Level indicator and adjustable feet ensure proper balance setup for optimum weighing results
- Large, grade 304 stainless steel pan allows easy cleaning
- RS-232 interface provides speedy connection to computers and printers
- Rugged construction stands up to industrial use
- Sealed keypad protects against dirt and spills
- Overload protection helps prevent damage to internal components
- Rechargeable battery included for operation almost anywhere
- Programmable auto power-off to save energy
- · Checkweighing with audible alarm
- Memory accumulation totals results
- Parts counting with freely selectable sample sizes
- Parts counting optimisation automatically refines piece weight as parts are added
- Preset tare function speeds the process of repetitive weighing
- Selectable digital filtering helps minimise effects of vibration and disturbances
- · Zero-tracking feature ensures display returns to zero reading

The GBK fits easily on a cart or table and is ideal for parts counting, batching or routine weighing.

GENERAL SPECIFICATIONS

Pan Size: 400x300mm
Weighing: Units kg
Stabilization time: 2
Interface: RS-232

Calibration: External calibration

Display: Backlit LCD with 20mm high digits

Power Supply: Mains power cord & Internal rechargeable battery

Operating Temp: -10° to 40°C

• Construction: ABS plastic indicator with die-cast aluminum bas

APPROVALS

- EC type approved
- NRCS approved
- NMI trade approved

APPLICATIONS

- Weighing
- Parts counting
- Percentage weighing
- Checkweighing
- · Dynamic / animal weighing
- Accumulation of weight

WEIGHT AND DIMENSIONS

• Net Weight: 7.6kg

Product Dims: 300x520x680mm

MODELS AND APPROVALS

Model		Capacity	Readability	Pan Size	Approvals
	GBK 6M	6kg	2g	300x400mm	M NRCS
